ABOUT CONFERENCE LOGO

The logo depicts the tree of knowledge arising from the globe. The ancient tree depicts the collective knowledge acquired over the years and is in keeping with our theme of Discimus docendo - By teaching, we learn. The tree has its roots in the Asia pacific region and depicts the growth of the specialty into a mature strongly rooted community. The robust branches spread skyward and appear to represent the progress being made in the various fields related to burn care. The golden leaves borne by the branches, depict ethical thought and action, melted in the fire of evidence and shining bright for the world to see. Finally, the tree rests on the globe, emphasising the larger picture of sharing our work on a global scale and working as one family.
